***Integrating Students with Industry***

# **Cornell University's Institute of Biological Engineering**

**Greetings!**

*My name is Chris Mancuso, and I am the 2010-2011 Career Development Chair in Cornell University's Institute of Biological Engineering (IBE). Currently I am a sophomore in the College of Agriculture and Life Sciences and I am pursuing a major in Biological Engineering and a minor in Biomedical Engineering. I'm excited to be the IBE's liaison to the corporate world; I hope to help build great relationships between our members and your company.*

*The field of biological engineering is unmistakably expanding, fueled by exciting discoveries and history-making breakthroughs. My fellow students and I, inspired by these developments, seek to add our own expertise to the wider world. Cornell's is renowned for its ability to produce enthusiastic and driven young innovators like our members, who are ready to push into the frontiers of biological engineering.*

*Please feel free to email me about any questions about or ideas for future events with IBE. I am more than happy to assist you in any way possible. I look forward to working with you.*

*Sincerely,*

*Chris Mancuso*

# ***Information Sessions***

## **We'll help you hold your own FREE Corporate Info Session at Cornell University!**

Hosted by the Institute of Biological Engineering, your corporate info session will be an event where you can...

- ⇒ **Meet and recruit talented, ambitious, and dedicated Cornell students!**
- ⇒ **Showcase your company and its latest technologies!**
- ⇒ **Interact with faculty from three different colleges! (Engineering, Arts & Sciences, Agriculture & Life Sciences)**

### **Relevant Majors at Cornell:**

- *Biological Engineering*
- *Chemistry and Chemical Biology*
- *Environmental Engineering*
- *Biological Sciences*
- *Chemical Engineering*
- *Biology and Society*
- *Mechanical Engineering*
- *Biometry and Statistics*

## **Register Now!**

To hold a corporate info session during the upcoming academic year, please fill out the enclosed request form and email it to Chris at

**[ibe\\_careerdevelopment@cornell.edu](mailto:ibe_careerdevelopment@cornell.edu)**

# Information Sessions

Cornell's Institute of Biological Engineering will make the planning of your corporate info session as smooth and easy as possible. Just fill out the enclosed form with your company representative contact information and your information session preferences!

## IBE will handle...

- ⇒ Room Reservations
  - ⇒ Publicity and Advertisements
  - ⇒ Audio/Visual Equipment
- ...**FREE of cost!**

IBE's standard corporate info session does not include refreshments, however, an optional food service is available. If you'd like refreshments at your corporate info session, please fill out the appropriate section of the enclosed form. Your company will be invoiced accordingly for any refreshments.

## Register Now!

To hold a corporate info session during the upcoming academic year, please fill out the enclosed request form and email it to Chris at

# ***Sponsor a General Body Meeting***

***Aren't interested in a corporate info session? Would you like to sponsor a General Body Meeting?***

The perks of sponsoring a General Body Meeting are...

- ⇒ All signs, emails, and advertisements for the General Body meeting will say “Sponsored by COMPANY NAME.”
- ⇒ The company representative(s) are invited to attend the meeting, and give a 30 minute presentation on a career-development related subject.
- ⇒ A General Body Meeting is a great informal setting to meet and socialize with IBE members. Great relationships have been built this way!

***How do you Sponsor a General Body Meeting?***

Simply pay a fee of \$80. This fee will cover the food, drinks, and snacks to be offered at the General Body Meeting.

If interested, please email Chris at: [ibe\\_careerdevelopment@cornell.edu](mailto:ibe_careerdevelopment@cornell.edu)

Your request will be processed as soon as possible, and you'll be notified of the available General Body Meeting dates.

Once a date has been confirmed, you'll be provided with payment instructions.

# Sponsor Us

## *Industry Sponsorship*

IBE promotes the professional development of biological engineers. In order to further our campus and industry influence we need your help. Outlined below are the benefits of sponsorship.

- *Platinum Sponsorship: Over \$750*
- *Gold Sponsorship: \$500-\$750*
- *Silver Sponsorship: \$250-\$500*
- *Bronze Sponsorship: \$100-\$250*

### **Benefits:**

- ⇒ **Company advertisement in the BioExpo program book (Full Page-Platinum and Gold, Half-Silver, Quarter-Bronze)**
- ⇒ **Company logo, biography, and link posted on the IBE Cornell University Student Chapter website**

## *Individual Donations*

Our organization fosters a sense of community and promotes our major, the College of Engineering, and Cornell University. Any financial contribution will be appreciated for years to come.

### **Plans for the upcoming year include:**

- ⇒ **Annual alumni newsletter**
- ⇒ **Bioengineering Industry Career Fair**
- ⇒ **Permanent office space, furnished with organizational reminders, postings, and supplies.**

To make a donation please visit: <http://rso.cornell.edu/ibe/donations.php>

# ***About Cornell University's Institute of Biological Engineering***

***Because biological engineering is still a developing field, we are one of only 9 student chapters in the country. Our chapter's objectives are:***

- 1. To assist in the career development of its members by:**
  - **Networking with Alumni**
  - **Hosting Corporate Information Sessions**
  - **Compiling resume books**
  - **Arranging graduate student panels**
- 2. To promote unity and friendship among students interested in the fields of biological and environmental engineering by:**
  - **Holding social events with students and professors**
  - **Competing together against other engineering majors**
  - **Providing peer advising to newer members**
- 3. To inform the general public about advancements in biological and environmental engineering through:**
  - **BioExpo: an annual research showcase and symposium highlighting current biologically related research on the Cornell campus**
  - **BEE Pamphlets**
  - **IBE Newsletter**
