

# The Institute of Biological Engineering

Bringing Engineering to Life

2007-2008

Welcome!

We are very pleased that you are interested in being a part of Institute of Biological Engineering (IBE). The Cornell University student chapter of IBE was established in 2001 to encourage inquiry and interest in biological engineering in the broadest and most liberal manner. Since its inception, IBE has been strongly committed to both the personal and professional development of its members and to fostering a sense of community with the bioengineering student body.

We are looking to continue this trend this year through many exciting initiatives. As an IBE member, you will benefit from:

- Career development
- Learning about research
- Social events with student and professors
- Networking with alumni and within IBE
- Annual Bioengineering Expo
- Community Service Events

Once again, welcome to IBE! We look forward to fun and exciting year!

Sincerely,  
The IBE Executive Board

Membership Application		
<b>Name:</b>	<b>NetID:</b>	
<b>Local Address:</b>	<b>Date of Birth:</b>	
<b>Major:</b>	<b>College/Year:</b>
